EXPERTISE

Dr Jenny Alexanders has been a physiotherapist since 2005 when she qualified from York St John University. Jenny has a vast range of experience having worked in orthopaedics, neurology and respiratory medicine and has dealt with highly complex polytrauma presentations resulting from road collisions and occupational injury.

She has over 10 years of experience in personal injuries and has undertaken needs assessments, clinical case management and expert medico-legal work.

Ages treated: adults 18+
Location: North Yorkshire
