## Experience and Background

James is a Chartered Physiotherapist passionate about delivering high quality, effective clinical care. He has a naturally warm and supportive approach, collaborative nature and is team player. James is a technically highly skilled clinician with significant leadership experience.

James has a depth and breadth of experience in treating a wide range of pathologies gained in various countries and in the UK where he has worked for the NHS and in several private clinic settings as well as in occupational health and ergonomics.

James is dual nationality British/Spanish and bilingual.

James's clinical experience and expertise is in management of musculoskeletal injury, persistent pain, and long-term conditions. James is also experienced in neurological conditions (including FND and brain injury), post-operative rehabilitation and paediatrics.

James will work with clients and their family at the initial assessment, setting realistic goals, and producing an accurate succinct report. James is keen to ensure that the client is setup with the most beneficial treatment to enable paramount rehabilitation.

*\* Please note that following an INA or similar assessment, any ongoing case management will be completed by one of our experienced inhouse case managers via remote / desktop support.*
