## EXPERTISE

Rehana Bishop is an occupational therapist who qualified in 2001. She has a broad knowledge base and has extensive experience of working with clients in the areas of acquired brain injury, and enduring mental ill-health, complex neurological conditions. Rehana has worked clinically in the NHS and as a case manager for over 12 years.

She has experience in supporting individuals and their families with a range of complex conditions to optimise their functional performance in all aspects of their everyday life. Rehana is an expert in both rehabilitation and case management.

**Ages treated:** adults 18+
