Clinical & Professional Experience

Andrew Lincoln qualified as a chartered physiotherapist in 2010 with a first-class honours degree from Coventry University. In addition to working for Rehab Direct, Andy practices as a Senior MSK Physiotherapist for Pure Physiotherapy in Norfolk and as a Spinal Assessor & Specialist Physiotherapist in Pain Management at Queen Elizabeth Hospital, King's Lynn.

Andy has vast clinical experience and expertise in management of persistent pain, functional rehabilitation, management of long-term conditions, and disability. Andy has been working in the personal injury sector since 2014 and has undertaken needs assessments, rehabilitation case management and expert MSK work.
