

JAMES MORGAN

BSc (Hons), HCPC, MCSP

Key Skills

- Persistent pain and functional restoration
- Neurological disorders and injuries
- Return to work/vocational rehabilitation

Ages treated: Adults 18+

Areas covered: Exeter

Clinical & Professional Experience

James qualified as a chartered physiotherapist in 2002 at the University of East London.

He has over 20 years of experience across a variety of sectors including the NHS, occupational health, and ergonomics, and a number of private settings, working with patients with a variety of problems including musculoskeletal injuries and chronic pain conditions. He is currently the sole director of his own physiotherapy practice since 2013 with multiple clinics in Devon.

James has experience in rehabilitation and case management of complex poly trauma.
