Biography

Bernadette is an experienced physiotherapist with a background in musculoskeletal physiotherapy and frailty. Bernadette believes in an accessible and collaborative approach to physiotherapy. She is skilled in developing comprehensive rehabilitation programs for patients recovering from various injuries and surgeries, including hip and knee replacements, ACL repairs, ankle surgery, and sports injuries, as well as back, neck, hip, shoulder, and other knee surgeries. She is proficient in providing patient education on proper back and neck care, ergonomics, and injury prevention techniques.

** Please note that following the INA or similar assessment, we will always aim for the ongoing case management to be completed by the assessing case manager. In the instance this is not possible, the case will be delegated to our experienced inhouse case management team to provide remote support.*
