Biography

Preethi has comprehensive clinical and case management experience spanning NHS and private healthcare sectors in the UK and India.

Preethi has completed certifications in Acupuncture, IASTM, Kinesiology Taping, and Manual Therapy. Additionally, she is certified in Spinal Decompression Therapy and Raphael Therapy for scoliosis and spinal dysfunctions. Preethi demonstrates expertise in musculoskeletal, neurological, and geriatric care, with additional exposure to orthopaedic injuries, brain injury, chronic pain, spinal injury, and rheumatology.

Preethi ensures that she collaborates with multidisciplinary teams to coordinate care and provide exercise guidance to patients and families. She will implement evidence-based, patient-centered protocols for optimal treatment outcomes and will provide her patients with education on condition management, injury prevention, and ergonomic advice. This approach has led to her having great success with her patients. Preethi seeks to promote long-term self-management from her patients through education on posture, movement, and ergonomics.

**Please note that following the INA or similar assessment, we will always aim for the ongoing case management to be completed by the assessing case manager. In the instance this is not possible, the case will be delegated to our experienced inhouse case management team to provide remote support.*
