Biography

Tom is an experienced Advanced Practice Physiotherapist and Independent Prescriber with a strong academic and clinical background across both NHS and the private setting. He has extensive experience across MSK, rheumatology, and first-contact primary care roles.

Tom has experience managing complex cases including red flags, long-term conditions, and multi-morbidity. In education and leadership, Tom supervises FCPs as a team lead, supports colleagues through the FCP Roadmap to Practice, and serves as an associate lecturer at the University of East Anglia, teaching MSK clinical reasoning and assessments.

Tom has published multiple peer-reviewed academic papers, including a lead author publication in the journal *Annals of Medicine*.

** Please note that following the INA or similar assessment, we will always aim for the ongoing case management to be completed by the assessing case manager. In the instance this is not possible, the case will be delegated to our experienced inhouse case management team to provide remote support.*
