Biography

Saleh is a highly specialised HCPC-registered Physiotherapist. He has developed a broad professional background across neurological physiotherapy, trauma and orthopaedics, chronic pain management, spinal injuries, and advanced musculoskeletal practice.

His diverse clinical exposure has strengthened his diagnostic skills, rehabilitation planning expertise, and ability to manage complex patient presentations. In Saleh's current role, he works as both a team leader and senior Physiotherapist, independently managing a varied caseload while providing supervision, mentorship, and operational support to junior and senior colleagues.

Saleh's responsibilities include maintaining high standards of clinical care, supporting service development, and exercising strong leadership within a multidisciplinary environment. Case management is an established part of his daily practice, involving the coordination of patient pathways, communication with stakeholders, and the timely, effective planning of rehabilitation.

** Please note that following an INA or similar assessment, any ongoing case management may be completed by one of our experienced in-house case managers via remote / desktop support.*
